WHAT'S NEW AND WHAT'S NOT

What an exciting time for Camp Kirkwood! In January of this year, Friends of Camp Kirkwood and the Wilmington YMCA partnered to resurrect and build for the success of Camp Kirkwood.

What does this mean?

Not only will our churches continue to have a Christian based camp to enjoy: but the YMCA will incorporate their programs in addition to actually operating the camp. So just like in the past, the YMCA will basically carry out all the functions that the Presbytery used to do like taking reservations for use of the camp, planning programming for the camp, hiring the necessary staff and overseeing the day to day operations of the camp. In this newsletter you will find information about all the programs offered at Kirkwood this summer. If you have been to Kirkwood recently, you already know that our 50 year old water system is showing its age. We are in process of investing approximately \$25,000 to replace the current water system. So, no more broken water lines! What a blessing that will be! We are also replacing all the existing wiring in the rustic area and have replaced all the fuse boxes with grounded circuit breakers and are installing ceiling fans in all the rustic cabins. Many volunteers have worked thru the winter months on many improvements to the camp. What a great blessing to have them share their time and talents!

THE WATER'S FINE...COME ON IN!!!

We have just finished making the necessary repairs to our pool so that we can open the pool to individuals and families within the surrounding communities.
